

artline films

For 25 years, Artline Films has been one of the top French production companies, co-producing documentaries and feature films with all major national channels. Thanks to its long-lasting experience of international broadcasting, Artline Films has worked with many foreign partners in Germany, Belgium, Italy, USA, Holland, Japan, Switzerland, Finland, Iran, Hungary, Canada, Israel, Korea, Austria, Brazil...

The films cover a wide range of subjects, from current affairs and history, to art, culture, science and discovery, social issues and adventure. Artline Films is particularly known for producing historical, geo-political, cultural, sociological (and even gastronomical!) topics with a strong international potential. Artline's catalogue of over 150 documentaries, fiction and feature films, has garnered prestigious awards from many festivals around the world.
